At Elevation Dance Company, it is our mission to provide a safe, age-appropriate environment where we empower our students to not only grow as dancers but THRIVE as leaders of our community.

Here's what you need to know about our program at LLLC:

-We will bring a teacher to each class on Tuesday mornings to nurture your dancer and create the best learning experience possible.
-Payment for the first month, as well as the registration fee, will be due before your dancer can participate. Tuition payments will need to be made with automatic payments that are taken out on the first of each month.
****New this year** - there will be a separate fee for Christmas Show and Spring Recital that will be charged on auto pay on October 15 and January 15 respectively. It is not included in tuition.
-We will focus on the foundations of dance, exploring Ballet, Jazz, and Creative Movement, throughout the season in these classes that are broken up into age-appropriate groups.
-Dancers will need Ballet shoes, which are $27. We will fit dancers on the first day of class and you'll order those through us so that they match for recital.
-Worried about not being able to see your dancer? Join our BAND app group! We add pictures and videos of class so you can still get a peek of what your dancer is learning each week! Info for this will be emailed out when we start classes.
-LLLC dancers will be included in our Christmas Show (tentatively December 12) and Spring Recital Weekend (tentatively May 8-9)
